WALDORF ASTORIA®

Since the Waldorf Astoria opened on Park Avenue in 1931, it has been called the "unofficial palace of New York." Rising 47 stories and occupying an entire city block in Midtown Manhattan, the historic art deco hotel epitomizes the glamour and grandeur of early 20th-century New York. Celebrities, royalty and every American president since Herbert Hoover (US President 1929-1933) have stayed at the Waldorf.
